Vetted Review

Verified User

“UltiPro - Partnership not just a vendor!”

Why Regina Needed UltiPro

“UltiPro has addressed many of our issues with performance management allowing managers to complete the review in the system as well as allowing HR to track status etc. We also use it for salary planning and merit increases which has reduced the time it takes for us to complete this process from 7 weeks to 4 weeks.”

How Regina Uses UltiPro

“We use UltiPro for our corporate office along with 155 of our center locations throughout the United States. The UltiPro platform is configurable allowing us to be nimble and make changes to the system as needed by the business without requiring an outside resource. Employee and manager self-service are both very beneficial to help us keep information updated in a timely way.”

What Regina Likes Most About UltiPro

“The education for life option is a true value add for our users. It allows me to assign training to get new employees up to speed without having to spend a large amount of my time helping them to get familiar with the system.”

What Regina Has Achieved With UltiPro

“UltiPro has been a great HCM for our population and changed the way we interact with managers. We are now able to complete both the competencies review and the personal goals review at the same time. This reduces the amount of time it takes to complete this process. Managers appreciate being able to do it all at one time and it gives an overall view of the employee performance.”

Regina's Advice

“UltiPro is truly a partner that helps us make our business better. Our relationship with them has always been different that with any other vendor that we use. That is priceless in our environment where we are constantly trying to innovate our processes.”
